THE BRITISH SCHOOL AT ROME is a centre of interdisciplinary research excellence in the Mediterranean supporting the full range of arts, humanities and social sciences. We create an environment for work of international standing and impact from Britain and the Commonwealth, and a bridge into the intellectual and cultural heart of Rome and Italy. The BSR promotes: residential awards for visual artists and architects; residential awards for research on (for example) the archaeology, history, art history, society and culture of Italy; exhibitions; an interdisciplinary programme of lectures and conferences; research projects, including archaeological fieldwork; a specialist research library; and a programme of publications.

FINE ARTS RESIDENCIES AT THE BSR offer artists access to Rome and Italy as an exceptional repertory of the visual culture of the past, and encourage informed and innovative responses to that cultural heritage. They offer the superb opportunity to research and focus upon work away from normal pressures, and to use the BSR as a base to explore Rome and Italy. The regular programme of events enables award-holders to meet and interact with others in their own and other disciplines, both from the BSR and the unique cluster of foreign academies in Rome. A wide range of awards is open to fine artists at every career stage, from immediate graduate on. Artists who have been at the BSR include Johann Arens, Marc Camille Chaimowicz, Monster Chetwynd, Jade Ching-Yuk Ng, William Cobbing, Denzil Forrester, Chantal Joffe, Sikelela Owen, Laure Prouvost, Elizabeth Price, Thomas J. SELECTION CRITERIA

In making an appointment to an award the Faculty of the Fine Arts will assess all applications using the following set of criteria:

1. the quality of the applicant's creative output and the appropriateness of their qualifications;
2. the extent to which the applicant's proposal reflects the purpose of the award;
3. the viability of the proposal as a project to be carried out with support from the BSR.

In addition to these three basic selection criteria, the selectors will take into consideration the potential for the award to impact on the applicant's creative development and will attempt to ensure that the needs and interests of the successful applicant are compatible with the facilities available at the BSR and the interests of its community. Credit will be given to those who are no longer in full- or part-time education at the time of application. Candidates will be expected to have some knowledge of Italian or be willing to learn. Those who acknowledge the importance of communicating with Italians will derive the most benefit from being at the BSR.

Applications from those who have held a residency at the BSR in the previous two years (since October 2020) will not normally be considered.

The selection panel's decisions are final. Feedback cannot be given on unsuccessful applications.
